

*Where children with cancer
find a new beginning every day...*

Dear Staff Applicant,

Thank you for your interest in Sunrise Day Camp. Please note that our summer season is eight weeks long, Monday, June 30th to Friday, August 22nd. There are various positions available such as Unit Heads, Counselors, Assistant Counselors, and a myriad of specialists including, but not limited to, drama, sports, music, yoga, archery, pioneering, arts and crafts. If you are creative, and love kids, let me know!

Sunrise Day Camp is a special place for children with cancer. As much as camp is and should be a fun place, we also take our responsibility for children seriously. Working at camp requires a great deal of patience, energy and respect for the children as well as training. Training is an integral part of your commitment to Sunrise Day Camp. We will have training sessions in advance of camp, which you will be **required** to attend. They are held during mid-week evenings and Sunday June 22 and June 29th. So that you can plan your calendar, I will let you know as soon, in advance of the summer, as soon as the mid-week dates are determined.

Please fill out the enclosed application and return it to me at your earliest convenience. The reference forms that accompany the application should be mailed to three of your references, for them to return directly to our office. I will be contacting you to set an appointment for an interview after I have received all references and reviewed your complete application.

If you have any questions, please do not hesitate to call our office at 516-766-4341 ext 106 or email me at mvernon@friedbergjcc.org. Thank you for considering this wonderful and rewarding opportunity. I look forward to having a successful interview with you.

Sincerely,

Michele Vernon
